Travel Notes:

Show your Harford pride when you travel. Gymnasts should wear their team warm-up jacket or Harford gym spirit wear in the airport and to the college meet.

Packing: Gymnasts must pack all meet essentials in their carry-on luggage if flying. This includes leotard, warm-ups, appropriate undergarments, team hair bow, grips, wrist guards, sandals. This should all be packed in team back pack or carry-on bag.

Behavior: You are representing Harford Gymnastics so the gym behavior policy applies in the airport, hotel, college meet venue and at the competition. Gymnasts are expected to be respectful at all times. We ask that you discuss cell phone use with your child and be mindful of appropriate social media posting so as to take everyone's feelings into account. At the college meet, we would like the gymnasts to be watching the meet and not playing on their phones. Cell phone use is not permitted when your child is competing in their meet session.

Team Support: If your travel schedule permits, we encourage gymnasts to attend other level sessions to support their teammates.
